About Us & Our Vision

About Us:

The International Institute of Internship (i3) is a leading platform dedicated to providing real-world industry experience to students, youth, and professionals. Our aim is to bridge the gap between education and employment, ensuring each participant is job-market ready.

We offer hands-on internships, industry-based projects, and mentorships across various sectors, enabling participants to enhance their skills and connect with global opportunities.

Our Vision:

1. To make every student “Industry-Ready”.
2. To provide global-standard internships & Immersion accessible to all.
3. Linking education with practical experience.
4. To connect academia, industry, and innovation.
5. To make India a skill-hub, so that our youth can play a leading role in the field of employment and entrepreneurship not only in the country but in the entire world.

Why Choose i3?

- Globally Recognized Curriculum.
- 100% Practical & Project-Based Training.
- Mentorship from Industry Experts.
- Placement-Oriented Internships & Immersions.

Life Changing Opportunity: Secure Future, Elevate Career.
